Tires for 2020 will be purchased based on the low bid price for each tire plus the costs of mounting, if applicable. Each municipality will determine its own best price.

When determining the low bid for a tire purchase, the determination will consist of the price of tire, mounting, service call and delivery charge when applicable.

It is understood that all Towns and Villages within Tioga County, New York, may participate in the awarded bid price by dealing directly with the low bid contractor.
