NEW BUSINESS

The Clerk updated the Committee on the status of the Clerk's Office and the DMV. The Clerk's Office had fewer deeds recorded in February as compared to January but February is historically a slow month for property sales. The DMV has seen an increase in dealer work but dealers are still reporting a lack of inventory due to supply chain problems. Individual customers have remained steady. The Clerk also reported that the NYS DMV IT Department has reached out to gather information about the possibility of the County locating a DMV office in the Village of Waverly Hall. The Clerk stated that she responded to the State's IT questions and requested that Legislator Dennis Mullen; Jeremy Loveland, Chief Information Officer; and Gary Hammond, Commissioner of Public Works, be included on all future correspondence since they will be key personnel if the County does go forward with putting a DMV at this location. The Clerk then reported that she has received five applications from qualified candidates for the open positions in the DMV. Six people took the March 5th Civil Service exam for Motor Vehicle License Clerk, including the five that applied and the person that just resigned from the position. The DMV Supervisor is on vacation until Tuesday March 15th but once she returns to the office, interviews will be scheduled.
